If you want to increase your click through and conversion rates then its time that you investigated one of the newest and most innovative advertising tools on the market - Peel Away Videos. If you had just one improvement to make on your sight that could help you dramatically increase your web traffic then give peel videos a try, as they have a way of being educational as well as fun for your web-surfers at the same time.

Adding Peel Away Videos enhance your site by adding a "bling" factor that is viral in nature. This means that visitors to your site will be so amused by the special effect that Peel Away Videos has to add to your site, they will email and tell all other people about it. In fact, if you do have Peel Away Videos on your site, make sure you also have a plug-in on there that makes it easy for them to "tell a friend" about their peel away video experience because they will want to.

Peel Away Videos is the natural evolution of the mega-successful Peel Away Ads which worked in a similar way. In both cases, all a surfer to your site has to do is point and click on an icon. The information on their screen then appears to magically peel away to reveal the ad or the video beneath. Of course viewing a static ad is one thing but it's even more spectacular to see a peel video in motion beneath the information on your web page.

Yet another phenomenal thing about Peel Away Videos is that it can increase your customer's confidence in you. As the effect looks so technically sophisticated you look quite sleek and smart to your customers. They are more likely to have confidence in you and get out that credit card to buy your product or service.

Even better the peel pages program is easy to install and you can configure it to install impressive looking dog ear pages on several domains at the same time with almost no effort. You also do not need to be a technical genius to use it thanks to a step by step installation guide that is included with the purchase of the peel pages program.

If you are concerned that somehow your customers will not be able to see your ad be assured that Peel Video is visible in 98% of all videos. This means you do not have to worry about technical problems preventing people who navigate your website from being able to use these dog ear ads. They are also a vast improvement over the banner and pop up advertisements that most people find so annoying.

There are next to no creative limitations when it comes using this type of corner ad creatively on your website. A point and click step by step process makes the installation of Peel Away videos easy. Furthermore this program is inexpensive for such a contemporary movie like advertising effect and is priced under fifty dollars.

There is also no personal financial risk when you buy Peel Away Videos. If for some reason this type of web page advertising does work for you in terms of technology or attracting more business then you can get a full refund (as long as you ask for it within eight weeks from the date of purchase).
