

[The Lotus Flower In Tattoo Design](#)

Are you looking for a tattoo design that is full of symbolic meaning, flexible and looks great all at the same time? Then you very well might be interested to learn more about lotus flower tattoos. Lotus flowers have been a part of many ancient religions and are a very significant symbol for many people. They also look great and are a very flexible design that can go just about anywhere on the body. Learn more about this great tattoo design below.

Benefits Of Lotus Flower Tattoos - There are many benefits to lotus flower tattoo designs. They are a very flexible design that can fit into almost any location on the body. They make great large pieces for a full back tattoo but also can easily be sized down to a very small design and work well on a foot or ankle. No matter what location you want the lotus flower can easily be adjusted to fit. They also work well if you are looking for a cover up tattoo since their large fleshy petals on the flower can cover over just about anything and the vines added to it can help cover up an unwanted tattoo. Another great thing about lotus flower tattoos is they can come in a variety of very brilliant and beautiful color combinations. You can also easily add water, different gods or even koi fish to them. These exotic flowers will look beautiful no matter what size or where you choose to get one.

The Lotus Flower In Tattoo Design - Every person of course chooses their own tattoo designs carefully and they often have some reasoning behind the choices they make. So a lotus flower can mean one thing to a person and then something else to another person. It is always that way with tattoos the symbolism and reasons for getting the tattoo are as individual as the people who get them. However, this beautiful flowery design has a historical and symbolic significance behind it that attract many people to this design.

You might not know this already but lotus flower typically grow in the water. In fact they commonly grow in ponds or areas of still and slow moving water. They start their life off way down at the bottom of the water in the muck and mud. Then as the flower grows and develops into a bud the vine starts to grow upwards and the bud begins it's journey towards the surface of the water. The bud starts off pointing downwards and then as it grows it points up and reaches for the sunlight at the surface of the water. Once the bud peaks out over the surface of the water it starts to unfold itself to reveal a beautiful blossom or flower. In India both people that are Hindu and Buddhist see the journey of the lotus flower as symbolic for the soul's journey to enlightenment. So there is a strong religious association with lotus flowers. This symbol has been carried over into the area of tattoo design of course and the tattoo is a symbol for perfection, enlightenment and beauty.

Additions To A Lotus Flower Tattoo - Another great thing about lotus flower tattoos is the ability to size the design and add to it. There are many elements that can be added to make the design more interesting and yet things that still tie into the theme of the tattoo. You don't want to add something that seems out of place like a big skull or a huge overpowering tribal design. Instead it is better to stick with things that tie into the theme of the lotus flower. One of the easiest things that you can do to add some interest to a lotus flower is to add some beautiful blue colored water in the background. The water can even be splashing which gives the tattoo some action. Throughout Japan lotus flowers can typically be seen growing in small water gardens outside of temples. They are often growing right alongside the koi fish which are also very popular symbols to the Japanese. A koi fish is a symbol for power, strength and perseverance and they make a great addition to a lotus flower tattoo.

It really don't matter where you choose to get this design or what you add to the overall design either way if you are considering getting a lotus flower tattoo you are bond to end up with a design that you are going to cherish for the rest of your life.
